If you have any questions, please contact the Chief Executive Officer at (515) 963-9582

NOMINATIONS

The IACCB Board of Directors received a nomination from the following individual named below. Vote for the named individual or provide the name of a write-in candidate, who must be a board member from District 2.

You may only vote for one individual.

Bridget Chatfield, Mitchell County Conservation Board
Member of Mitchell County Conservation Board for three years, One Year as President
Member of IACCB Board of Directors, 3 years – Two Years as Secretary

GENERAL: The Mitchell County Conservation Board has been my first organizational board experience and it has been an exciting new adventure. I have lived and worked in Northern Iowa my whole life so far, and I really love being on the MCCB. Through my service on the IACCB Board of Directors for the past three years, it has been exciting to see the projects that go on in conservation across the state, and it has been eye-opening!

CONSERVATION / OUTDOOR RECREATION: I have a strong passion for hunting whitetail, spring turkey hunting, trapping, fishing and coon hunting with my hounds. Always look forward to expanding my perennial gardens every year, and love to visit some of Mitchell County's public areas in the spring for shed hunting and morels. I am always taking photos and videos of wildlife, plants and other wonders I stumble upon out of doors.

PHILOSOPHIES:

CONSERVATION IN GENERAL: Iowans need to protect the beauty in Iowa's natural resources through conservation. Once the resources and habitat that are still here are gone, it will take more work to bring it back to conserve what is left.

COUNTY CONSERVATION BOARD PROGRAM: It is a great asset for Iowa to have one in every county. This helps to focus on every part of the state in small areas versus the state as a whole.

IOWA ASSOCIATION OF COUNTY CONSERVATION BOARDS: From what I have seen in this short time, it is a great tool for the County Conservation Boards AND Employees. A great support system for all of the above.

RELATIONSHIP BETWEEN CCBS AND IOWA DNR: Iowa needs a long-lasting relationship between the two. They should be able to assist each other with information. I feel like they both have good intentions for what Iowa has to offer for recreation and pleasure in the outdoors.
