# IN 1972, THE MODERN SELF REGISTRATION STATIONS ARRIVED 😊

- Established in the early 1970s and soon became the preferred method of registering campers for the *next 50 years*
- Handling of cash / checks, and chasing down bad checks is no longer efficient / desirable
- Theft, vandalism and facility maintenance are negative factors
- Accounting, documentation and reports burdensome for staff

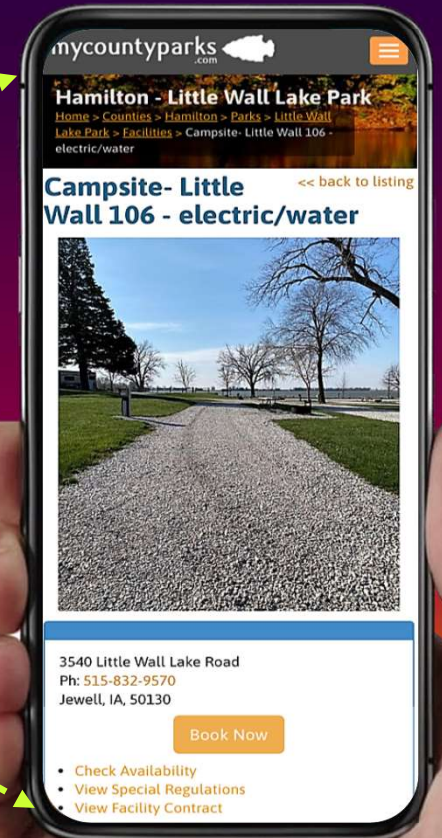

# RETURN OF THE Q.R. CODE – 2020

MyCountyParks.com

- Ability to scan static QR code at empty site – Check Availability / Pay for site
- Rangers/staff can monitor remotely / no more cash-handling & bad checks
- Calendars immediately populated online (*notifying staff via email to office*)
- Email receipt on cell phone of customer

These functionalities have been in place since 2020!

# ESSENTIAL

FOR  
SUCCESS

*Sufficient Cell  
and/or WiFi*

*Signals are a must!*

- New URL expedites process for “**Instant Pay**” facilities
- **Dynamic code** allows for navigational change (names, etc.)
- **Events** will remain as **Static Code** (for now) – **NO CHANGES!**
- As long as the facility is live and not deleted, **existing Q.R Codes (static)** will send to the proper **Facility Information Page**. If an Instant Pay QR is used, and the facility is no longer marked as instant pay, then the user will get a message which says the facility is no longer available for instant pay. If the Facility has been deleted, it will send them to a 404 screen.
