UPDATES – 3/30/22

On **Tuesday, March 29th** we rolled out a couple of adjustments to the new features that were released in January – those of the Guest Login option, and Q.R. Codes for Facilities & Events.

1. QR CODE – FACILITY AVAILABILITY was modified to take the User directly to the facility calendar bypassing any login screens.

2. LOGIN LANDING PAGES MODIFIED for both the mobile (smart phone) and PC screens. The option for **“Continue as Guest”** was moved to the priority spot in the line-up so that it would be the first choice for mobile users – especially if they were arriving from the use of a Q.R. Code. This also realigned the three options you see on your desktop computers when logging into MyCountyParks.com / The Portal (as shown below).

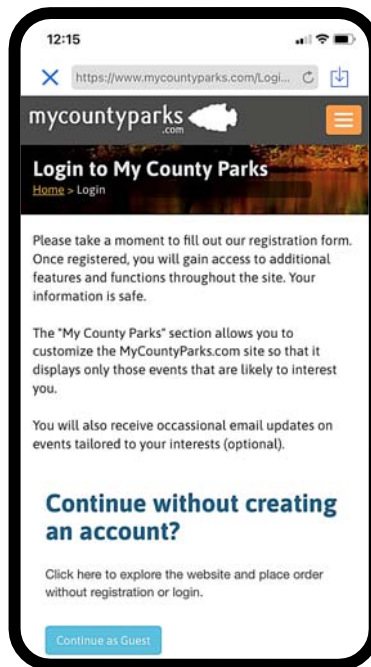

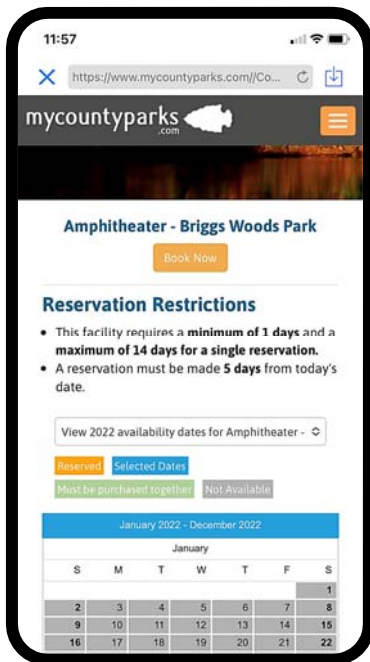

NOTE: *We continue to work our way through adjustments to these new features and welcome your observations & concerns.*

1. Q.R.CODE

from MCP.com
County
Administration

2. This mobile login landing screen now shows the “Guest” option first for the user. Scrolling down will display the other two options.

LOGIN TO MY COUNTY PARKS

Home > Login

Please take a moment to fill out our registration form. Once registered, you will gain access to additional features and functions throughout the site. Your information is safe.

The "My County Parks" section allows you to customize the MyCountyParks.com site so that it displays only those events that are likely to interest you.

You will also receive occasional email updates on events tailored to your interests (optional).

2.
